Subject: **Letter of Recommendation for Manuel Macha:**

I am the Founder and Director of Schreiber & Friends, a company, specialized in digital content creation, 3D-animation and visualization.

Manuel worked as a freelancer on projects for our Clients "Schering AG" and "HeidelbergCement AG". He excelled in the tasks that he was assigned to and was able to complete all works with a minimum amount of supervision. He was able to react flexible to changes from the client's side while maintaining an outstanding artistic and technical quality.

This combination of broad artistic and technical abilities, in combination with good problem-solving skills and a hard-working attitude made Manuel a very valuable partner for our productions. We will definitely continue this collaboration and also want to recommend Manuel to any potential future employers.

Sincerely,

Sven Schreiber
Founder / Director
Schreiber & Friends
